Now Accepting Denture Referrals

Our focus in this issue is to bring to your attention the skills of our in-house 'Master Craftman', Roy Davies who makes truly stunning dentures for patients up and down the country.

Our prosthetics genius Roy Davies has been part of the team at Oakview since 2007 and has built a solid reputation within the industry for his 'true to life' dentures.

We are keen to get the word out to our clients who may not have experienced Roy's work to date or who would like to find out more and welcome all referrals of patients who need prosthetic work.

Roy's articles can regularly be seen in publications such as The Dental Lab Journal, Dental Technologies and Private Dental Laboratory.

*"...truly works of art...
Roy's denture work is one
of the best in the country
and I can confidently
recommend to my
patients the best dentures
they would ever have in
their life, the "true to life"
dentures."*

*- Dr. Yassir Noorani, BDS
MFDS RCS, Hillingdon*

Roy in our newly built in-house surgery

True to Life Dentures

Roy and his team delight in creating the most aesthetically pleasing dentures possible.

Enjoy working alongside Roy, either as part of your team, or if you prefer, Roy is happy to take referrals providing your patients with an exclusive denture experience in our beautiful, newly built in-house surgery in Bucks.

[Click here](#) to find out more or call our laboratory on **01494 569466** to talk to us.

We very much look forward to working with you in the future.
